

AUTOMATING YOUR GENERATORS (AG)

123 Your Street
Your City, ST 12345
(123) 456 - 7890

Our Brochure

September 04, 20XX

Overview

Organizations and persons are struggling with having to be physically present to monitor the power supply to either their houses, offices, and/or facilities. Stress no more. We have made it very convenient for you to remotely control your generating sets via your mobile phone, laptop,

and/or speech by talking the command. In addition to automatically starting or switching off your generators, now you can also remotely know whether your generators are on or off, whether there is light from your distribution company (DISCO) or not, and when to start or switch off the generator automatically all from the comfort of your mobile phone, tablet and/or laptop.

Ease + Comfort

Life has become much easier and comfortable for the users of Automating Generators.

Is there light or not ?

- Know when DISCO brings light.
- Know when there is no more credit in your prepaid meter
- Know when your DISCO lights out

All these on from your mobile phone, tablet or laptop.

Is the Generator ON or OFF ?

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod. The food in the fridge or freezer doesn't get spoiled for the time DISCO power isn't available.

- Ensure the rules you place for the time your generator to be on or off is strictly adhered to

Are you out of house/facility but need to start your generator for a time ?

- The food in the fridge or freezer doesn't get spoiled for the time DISCO power isn't available.
- To temporarily power the gen to open your motorised gate when the battery is down ?
- You can safely do this even if you are out of the country, from anywhere in the world.

Schedule your generator to start and switch off at a certain time while enjoying your sleep

- You don't want to wake up in the middle of the night to have your generator switched on when DISCO power goes off
- Schedule your generator to switch on between, say, between 11pm when DISCO power is unavailable in this period and switch off at 5am even if DISCO power is unavailable in this period.

Do you want to know when there is no DISCO power in your facility while you are absent ?
